

RATIONS LOADED PRECISELY

ACCURATE | EFFICIENT

Cab Control™ 

DIGI★STAR
— TOPCON POSITIONING GROUP —

Wireless remote display and control system from the loader cab that works seamlessly with the mixer scale indicator.*

Benefits of Cab Control:

Increased loading ACCURACY

- Display view not affected by rain, snow, dirt, or darkness with backlit display
- Reduces overloading of key ingredients

Increased loading EFFICIENCY

- No need to leave the loader cab while loading
- Fingertip control for standard scale functions: Tare, Zero, Net, or Gross weight display, ingredient advance
- Four mounting bracket options: standard, wedge, u-bolt, and RAM for greater flexibility

Cab Control Touch

CCT 400 & CCT 500**

- Touchscreen is simple to learn, more intuitive, graphic touch screen display
- Increased mounting opportunities in smaller cabs of skid steer and telescopic loaders and minimizes view obstruction from the slim, compact design
- Clearly indicates when call weight is reached with display color change in addition weight at zero
- Wearing gloves does not impede use due to advanced touch screen technology
- Easily view and control scale indicator display remotely from inside the loader

Cab Control App

Cab Control Functionality on a Smartphone or Tablet

- Easily view and control scale indicator display remotely from Android and iOS phone or tablet
- Designed for use when regular Cab Control or Remote Display does not work, such as inside a silo unloading room or next to a grain bin
- Simple to learn, intuitive, graphic touch screen display and control
- Provides same functionality as Digi-Star's other Cab Control systems: Net/Gross, Tare, Zero, Advance Ingredient, and Select Mixer
- Available free-of-charge from Play Store or iSTORE with purchase of Digi-Star ERM-WiFi

ERM WiFi

*Requires matching radio installed in, or on, mixer scale indicator

**Optional CC4600 & CCT500 provide additional scale control functions
